All boys and girls (grade K-5) and their families are invited to visit with Cub Pack parents and leaders and enjoy some fun and games in a COVID conscious setting while learning what scouting is all about!

In Cub Scouting, boys and girls start with their best right now selves and grow into their very best future selves. It’s fun, hands-on learning and achievement that puts kids in the middle of the action and prepares them for today – and for life.

Cub Scouts explore different topics such as hiking, nature, science, citizenship, first aid, sports, and more, and earn adventure loops or adventure pins to recognize their accomplishments.

To find out more about a Cub Scout Pack that meets regularly near you go to www.beascout.org

To find the Scout Me in Park location nearest you go to www.grandcanyonbsa.org/Scoutmeinday
